15. Multidisciplinary / interdisciplinary
--

The college is affiliated to Punyashlok Ahilyadevi Holkar Solapur University, Solapur and hence does not have the academic autonomy to design the curriculum. But the institute is well aware of the needs to implement the New Education Policy (NEP2020). The college will try to incorporate liberal education as it can unlock all inherent capacities of our students. Giving a single disciplinary undergraduate and postgraduate education is a traditional approach which necessarily must be transformed to provide a liberal, holistic and multidisciplinary education for sensitizing students to the fundamentally interconnected nature of all human knowledge and enquiry. Keeping these things in mind the institute is going to introduce interdisciplinary/ multidisciplinary certificate courses to benefit the students. The college will put its efforts to motivate the students undertake various multidisciplinary studies and projects and these will surely help them for their holistic mental development and they will get a broad-based exposure to multiple disciplinary ways of thinking. The college will try to explore them through the various online education tools to utilize their mind power for learning multidisciplinary subjects of their

choice. We are aware that we are a multi-faculty institute and we will focus on collaborative learning.

16.Academic bank of credits (ABC):

Being an affiliated college, it conducts classes and examination as per credit system introduced by Punyashlok Ahilyadevi Holkar Solapur University, Solapur. The affiliating university has implemented a Choice Based Credit System (CBCS) in all the programs and compulsory credits received from their core courses. Even for the implementation of NEP2020 successfully, the institute has appointed faculty wise co-ordinators to look after the additional credits to be earned by the students. The appointed coordinators will encourage students to take extra credits from various online platforms like SWAYAM, MOOC etc. The earned credits of the students will be verified and communicated to the university through an internal marks entry system. The institute will follow the norms led by UGC and affiliating University for maintaining Academic Bank of Credits (ABC).

17.Skill development:

Skill and knowledge are the motivating forces which can accelerate the growth and economic development of the country. It is now a fact that today the industry is facing a severe shortage of skilled manpower. They are continuously complaining that there is a huge skill gap between the syllabus taught in the colleges and the local and industrial needs. This demand of skilled manpower has to be considered by the HEIs. Hence the institute has designed the short term/ value added courses in order to meet the local and global needs. The vision of the college regarding NEP-2020 is to make the youth self-reliant through skill-based education. We already have the Cell/Committee through which we run the following mentioned kinds of activities/ certificate courses designed by our college. The institute will create robust infrastructure for Skill Development programmes. Presently, we try to develop following skills through the short term courses and value added courses: 1. Communication Skills 2. Personality Development 3. Activities and courses under DBT Star College Scheme.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

New Education Policy aims at making Higher education system a critical contributor to sustainable livelihoods and economic development of the nation. At the same time it must play a large and equally important role in improving human well being. So it is necessary to aware the students about the state of the nation

developing and making them understand the importance of our Constitution and making them able citizens for making our country - a democratic, just, socially conscious, self-aware, cultured, and humane nation, with liberty, equality, fraternal spirit, and justice for all. For that HEIs must emerge as a hub for developing ideas and innovations that enlighten individuals and help propel the country forward socially, culturally, artistically, scientifically, technologically, and economically. HEIs can play a critical role in moving our nation towards becoming a true knowledge society and economy and in view of the forthcoming fourth industrial revolution. So our institute aims at developing good, well rounded, and creative individuals. We try to enable our students to study one or more specialised areas of interest at a deeper level, while at the same time we aim at building character, ethical and Constitutional values, intellectual curiosity, spirit of service, and 21st century capabilities across a range of disciplines including the sciences, social sciences, arts, humanities, as well as professional, technical, and vocational. We aim at making our students global with local tastes and need. Hence we not only use modern technology and English language as a medium of instruction but we use our mother tongue and give the education about our regional customs and culture.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

In pedagogy, certain steps are followed and among these steps the achievement of the desired goals/aims i.e set outcomes and objectives is the most important. Outcome-based education (OBE) is an educational theory or pedagogy which measures the achievement of the set goals that places students at the center of an academic program. It presupposes that by the end of a learning session, each student would have attained a level of mastery of the course so as to be in a position to realize on the completion of the course, a standard of achievement. In the fulfilling of the desired goal, the teacher is provided considerable latitude. Our institute carries student centric approach and the teacher's role is to facilitate, guide and mentor them to the successful attainment of specified outcomes. We believe that the organizational culture is an important deciding factor determining the effectiveness of outcome-based learning and propose to achieve OBE by aligning the learning objectives to performance objectives. IQAC supervises the implementation of this policy by making sure that the POs/PSOs/COs for all programmes and courses are enumerated and by implementing innovative ways for outcome attainment and mapping of it. Periodic preparation of linear scale to categorise advanced, average and slow learners through such methods as regular class tests and internal

examinations, seminars and assignments. In addition, feedback is taken from alumni, teachers, employers and parents to evaluate the attainment of outcome. Campus technology of LMS is used to map the attainment of PO/PSO/CO based on the methods explained above.

20.Distance education/online education:

The National Education Policy (NEP)-2020 emphasizes holistic and multidisciplinary education with an aim to provide 21st century skills to learners. NEP-2020 states that education would be aimed at developing all capacities of human beings - intellectual, aesthetic, social, physical, emotional, and moral in an integrated manner. As far as distance and online education is concerned it is expected that both formal and open and distance education modes of higher education would work towards translating these recommendations of the NEP-2020 into actionable areas. The COVID-19 period has seen an upsurge of the use of technology with social media platforms becoming the means for teaching and learning. Other learning activities such as submission of assignments and academic counselling have now progressed to online mode. The advances in technology have opened up new options for delivery for programmes. The ODL system is synonym with the use of technology and our institute will establish programmes using ICT tools. Online programmes can also be designed and offered through SWAYAM and other web-based, online platforms.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Advanced Learners' attendance and involvement in the classroom teaching, laboratory, queries and questions raised in the class, involvement in the co-curricular activities and marks obtained in the formative and summative evaluation determine advanced and slow learners.

Advanced learners are encouraged to participate in different competitions, Avishkar- research festival, cultural and curricular activities organized by the college and other institutions. They are given assistance to attend seminars and conferences. Advanced learners are also encouraged to refer additional study materials and reference books available in central library and departmental libraries. Eligible UG and PG students are encouraged and guided to avail themselves of various scholarships and fellowships and to attend examinations like DST inspire, Central Sector, Malhotra Weikfield foundation, LIC Golden Jubilee Scholarship, National Hindi Fellowship.

Slow Learners: ICT enabled teaching is adopted partly by our faculty to make slow learners to understand the subjects by providing them audio-visual clips. Field visits, tours, guest lectures are arranged to boost their interest in the subjects. Mentor-mentee program has been implemented in our college along with bilingual method to facilitate their learning.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode.

Write description within 200 words.

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

At the beginning of each semester, the students were given the syllabi in detail

by discussing its scope. After teaching the syllabus topic in detail, students were informed about the unit tests through a notice well in advance. The objective type questions raised in the class help the students to increase their knowledge of the subject. The questions given were mapped with course outcomes. In addition to unit tests, home assignments and mid-term examinations were conducted as a part of college assessment. These tests allow the teachers to continuously assess the students to track their progress and to identify slow and advanced learners. Evaluation is done both in theory and practical examinations. The assessment remains impartial and accurate. The students were given feedback about their performance and suggestions were given for their improvement. The study material and questions related to the subject were dictated in the classroom. Students' queries were answered by the faculty that increased students' knowledge of the subject. All departments made compulsion to students to participate in various activities like seminars, workshops, study tours, field visits.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Of all the stakeholders, students are pivotal. We run the institution keeping students at the Centre. To deal with examination related grievances, there is a separate mechanism in our college. The college level grievances are redressed by the Internal Examination Committee and the concerned heads of the departments; and the university level grievances are redressed by Examination Section of college under the guidance of the Principal.. If any

student is unable to appear for the internal examination due to co-curricular, extra-curricular activities or genuine reason, the re-examination is conducted for them. The list of the absent students is displayed on the notice board by the concerned departments. After the evaluation of the answer books, marks are displayed on the notice board. If there is any grievance regarding the internal examinations, it is redressed efficiently in time. The schedule of the internal examinations is displayed well in advance on the notice board. The university examinations are conducted in the college under the guidance and supervision of the Principal. After the university examinations, results are declared within forty days on the university website.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Program outcomes, program specific outcomes and course outcomes are what the students are expected to achieve at the end of the program or course. They are nothing but the knowledge, skills, the reasoning and scientific ability that students are expected to acquire at the end of the course or program. The Board of Studies of respective subjects, while prescribing the syllabi, design the POs, PSOs, and COs. The POs, PSOs, and COs are displayed on the Unit through circulars along with the syllabi. The affiliated colleges then display them on the college website and also communicate them to the teachers and students through notices. The purpose behind communicating these POs, PSOs and COs to the teachers is to convey teachers what knowledge and skills they are expected to teach to students. The same is conveyed to students so that they should know what they are expected to learn. The college has displayed POs, PSOs and COs on the website. The teachers also discuss the POs, PSOs, and

COs during lectures and practicals.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The attainment of program outcomes, program specific outcomes and course outcomes is the foundation on which any higher educational institution grows. In order to evaluate the attainment of POs, PSOs, and COs, the formative and summative evaluation methods have been used. The formative evaluation system comprises unit tests, midterm exams, home assignments, study tours, student seminars, field projects, workshops, industrial visits etc. The summative evaluation system comprises of semester- wise examinations conducted by the university with the help of college administration. The University Assessment consists of eighty marks for PG& forty marks for UG. Science faculty students are assessed based on their performance in both practical and written examinations conducted by the University. GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

'Let's help one another and march on the righteous path' is the motto of our parent institution i.e. Shri Shivaji Shikshan Prasarak Mandal, Barshi.

Mission:

1. To impart liberal and vocational education up to the university level
2. To impart social, scientific, agricultural, and industrial education to the emerging generations irrespective of caste, creed, gender and religion.

Vision:

1. To enhance the capabilities and potentialities of students to face challenges in global scenario
2. To enhance students' mental capabilities
3. To build up a national character
4. To create awareness about environment and human rights
5. To develop leadership qualities
6. To foster research and scientific attitude in students and in the faculty as well
7. To create social awareness
8. To implement earn while learn scheme
9. To create awareness about conservation of natural resources

The governance of the institution takes efforts to work in tune with the vision and mission of the institution. Different committees have been formed for the effective function of the institution.

Decentralization and participative management system is opted for fulfilling the vision and mission of the institution. Our institution received 'A' grade in the third cycle, Star status by DBT. These achievements clearly indicate that the governance of the institution is reflective of and in tune with the vision and mission of the institution.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Implementation of the DBT Star College Scheme is the best example where the decentralization and participative management, and effective leadership is discernible and visible. The Star College scheme meant for six science departments namely Chemistry, Botany, Electronics, Microbiology, Physics and Zoology has been implemented effectively with the help of Coordinator of the scheme, Science coordinator, all the heads concerned, and the colleagues. We conducted various activities like 'DBT Guest-Lecture-Series, Practicals, demonstrations, workshops, study tours, field visits etc. We conducted all the proposed activities and submitted its report to DBT New Delhi. Apart from these activities, we organised workshops in which all the staff was involved.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The strategic plan is important because it provides a baseline for specifying the institution's future direction, priority setting, program development, resource allocation, and evaluation. The fundamental purpose of strategic planning in higher education is to provide an ongoing process of examination and evaluation of an institution's strengths, weaknesses, goals, resource requirements and future prospects, and to set out a coherent plan to respond to the findings and build a stronger, more effective institution. To achieve and maintain competitiveness in an increasingly challenging global environment, higher education institutions must learn how to translate their academic excellence into added value and employment opportunities.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

In the administrative set up the Principal is at the helm. The Principal prepares the annual budget in consultation with the faculty and the management. Two coordinators, one from science and the other from the arts, work under the Principal. The IQAC coordinator looks after the task of IQAC under the guidance of the Principal. We believe in the decentralization of power. The HODs look after departmental affairs. There are various committees to make teaching-learning process effective, to run the college smoothly, to carry out curricular, co-curricular and extension activities. Apart from the teaching staff, there is administrative staff to look after the administrative affairs. The registrar and the office superintendent (O.S.) work under the supervision of the Principal. The official work such as admission, examination, accounts and finance are decentralized among the senior clerks.

The junior clerk, technical and auxiliary staff works as per the guidance of the registrar and the O.S. The Service Rules and recruitment procedures are followed as per the guidelines of Solapur University, State Government and UGC New Delhi. For the promotional

policies of non-teaching staff Maharashtra civil service rules and regulations are followed, whereas for the teaching staff the UGC rules are followed.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The institution follows the performance based appraisal system (PBAS) developed by UGC and the University for the promotion of

teachers. The college has a separate API-CAS committee to verify the PBAS forms. After verification by the committee, the Principal recommends the proposals of eligible teachers to the University for Promotion. A separate committee is formed to analyse feedback of teaching faculty. The committee distributes feedback forms among students of various classes and in the absence of teachers, feedback is taken from students. The committee members give instructions to the students about how to fill the forms. Then enough time is given to students to fill-in the given forms. The filled in forms are collected and analyzed and put before the IQAC. If there are some suggestions for teachers then he/she is called by committee and instructions are given orally to the teachers concerned for improving their performance. The non-teaching staff submit their filled in forms to the registrar, who puts remarks on the forms. These forms are sent to the Principal for further verification and action.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The institution takes reviews of teaching-learning process by using

different strategies and methodologies. The academic calendar is prepared well in advance before the commencement of the new academic year. Different committees, and associations are formed to implement and follow the academic calendar. Teaching plans and Time Table is also prepared and strictly followed to complete the teaching learning process. All the heads and faculty coordinators take periodical reviews of the syllabus allocated to the individual teachers. The use of ICT techniques has been used by the teacher to make teaching learning process effective. The language association, social science associations, and science association carry out the planned cocurricular activities. The activities such as home-assessment and seminars have developed students' confidence, lessened examination stress and enhanced their writing, understanding and reflective abilities. These activities have also helped them to face University examinations confidently, that has resulted into scoring more marks in them. Feedbacks from stakeholders are collected and analysed for the improvement. Semester-wise results are analysed and are put in the IQAC meetings for the review. The feedback reports and results are discussed in the IQAC meetings. Our university examination results clearly indicate that the learning outcomes are achieved.

After teaching the syllabus topic in detail, students were informed about the unit tests through a notice well in advance. The objective type questions raised in the class help the students to increase their knowledge of the subject. The questions given were mapped with course outcomes. In addition to unit tests, home assignments and mid-term examinations were conducted as a part of college assessment. These tests allow the teachers to continuously assess the students to track their progress and to identify slow and advanced learners. Evaluation is done both in theory and practical examinations. The assessment remains impartial and accurate. The students were given feedback about their performance and suggestions were given for their improvement. The study material and questions related to the subject were dictated in the classroom. Students' queries were answered by the faculty that increased students' knowledge of the subject. All departments made compulsion to students to participate in various activities like seminars, workshops, study tours, field visits.</p>

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Of all the stakeholders, students are pivotal. We run the institution keeping students at the Centre. To deal with examination related grievances, there is a separate mechanism in our college. The college level grievances are redressed by the Internal Examination Committee and the concerned heads of the departments; and the university level grievances are redressed by Examination Section of college under the guidance of the Principal.. If any student is unable to appear for the internal examination due to co-curricular, extra-curricular activities or genuine reason, the re-examination is conducted for them. The list of the absent students is displayed on the notice board by the concerned departments. After the evaluation of the answer books, marks are displayed on the notice board. If there is any grievance regarding the internal examinations, it is redressed efficiently in time. The schedule of the internal examinations is displayed well in advance on the notice board. The university examinations are conducted in the college under the guidance and supervision of the Principal. After the university examinations, results are declared within forty days on the university website.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Program outcomes, program specific outcomes and course outcomes are what the students are expected to achieve at the end of the program or course. They are nothing but the knowledge, skills, the reasoning and scientific ability that students are expected to acquire at the end of the course or program. The Board of Studies of respective subjects, while prescribing the syllabi, design the POs, PSOs, and COs. The POs, PSOs, and COs are displayed on the Unit through circulars along with the syllabi. The affiliated colleges then display them on the college website and also communicate them to the teachers and students through notices. The purpose behind communicating these POs, PSOs and COs to the teachers is to convey teachers what knowledge and skills they are expected to teach to students. The same is conveyed to students so that they should know what they are expected to learn. The college has displayed POs, PSOs and COs on the website. The teachers also discuss the POs, PSOs, and COs during lectures and practicals.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The attainment of program outcomes, program specific outcomes and course outcomes is the foundation on which any higher educational institution grows. In order to evaluate the attainment of POs, PSOs, and COs, the formative and summative evaluation methods have been used. The formative evaluation system comprises unit tests, midterm exams, home assignments, study tours, student seminars, field projects, workshops, industrial visits etc. The summative evaluation system comprises of semester- wise examinations conducted by the university with the help of college administration. The University Assessment consists of eighty

marks for PG& forty marks for UG. Science faculty students are assessed based on their performance in both practical and written examinations conducted by the University. CGPA grading system has been used to measure overall academic performance of a student. The following result clearly indicated that the Programme Outcomes and course outcomes are attained.

Though the Clause 99 (c) of Maharashtra Public University Act, 2016, clearly indicates the role of the Students' Council in protecting the curricular, co-curricular, extra-curricular in promoting welfare of the students, there is a stay to the Students' Council by the government of Maharashtra. As a result, there is no Student's Council in our college. However, representation of students on academic and administrative committees of the institution contributes positively in solving the day today issues/problems of their classes about cleanliness, drinking water, canteen, library, office, hostel, examination section etc

Student representatives are included in committees, such as Prevention of Women Sexual Harassment Committee, Internal Complaints Committee, and Special Cell Committee

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

'Let's help one another and march on the righteous path' is the motto of our parent institution i.e. Shri Shivaji Shikshan Prasarak Mandal, Barshi.

Mission:

1. To impart liberal and vocational education up to the university level
2. To impart social, scientific, agricultural, kand industrial education to the emerging generations irrespective of caste, creed, gender and religion.

Vision:

1. To enhance the capabilities potentialities of students to face challenges in global scenario
2. To enhance students' mental capabilities
3. To build up a national character
4. To create awareness about environment and human rights
5. To develop leadership qualities
6. To foster research and scientific attitude in students and in the faculty as well
7. To create social awareness
8. To implement earn while learn scheme
9. To create awareness about conservation of natural resources

The governance of the institution takes efforts to work in tune with the vision and mission of the institution. Different committees have been formed for the effective function of the institution. Decentralization and participative management system is opted for fulfilling the vision and mission of the institution. Our institution received 'A' grade in the third cycle, Star status by DBT. These achievements clearly indicate that the governance of the institution is reflective of and in tune with the vision and mission of the institution.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Implementation of the DBT Star College Scheme is the best example where the decentralization and participative management, and effective leadership is discernible and visible. The Star College scheme meant for six science departments namely Chemistry, Botany, Electronics, Microbiology, Physics and Zoology has been implemented effectively with the help of Coordinator of the scheme, Science coordinator, all the heads concerned, and the colleagues. We conducted various activities like 'DBT Guest-Lecture-Series, Practicals, demonstrations, workshops, study tours, field visits etc. We conducted all the proposed activities and submitted its report to DBT New Delhi. Apart from these activities, we organised workshops in which all the staff was

involved.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The strategic plan is important because it provides a baseline for specifying the institution's future direction, priority setting, program development, resource allocation, and evaluation. The fundamental purpose of strategic planning in higher education is to provide an ongoing process of examination and evaluation of an institution's strengths, weaknesses, goals, resource requirements and future prospects, and to set out a coherent plan to respond to the findings and build a stronger, more effective institution. To achieve and maintain competitiveness in an increasingly challenging global environment, higher education institutions must learn how to translate their academic excellence into added value and employment opportunities.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

In the administrative set up the Principal is at the helm. The Principal prepares the annual budget in consultation with the faculty and the management. Two coordinators, one from science and the other from the arts, work under the Principal. The IQAC coordinator looks after the task of IQAC under the guidance of the Principal. We believe in the decentralization of power. The HODs look after departmental affairs. There are various committees to make teaching-learning process effective, to run the college smoothly, to carry out curricular, co-curricular and extension activities. Apart from the teaching staff, there is administrative staff to look after the administrative affairs. The registrar and the office superintendent (O.S.) work under the supervision of the Principal. The official work such as admission, examination, accounts and finance are decentralized among the senior clerks.

The junior clerk, technical and auxiliary staff works as per the guidance of the registrar and the O.S. The Service Rules and recruitment procedures are followed as per the guidelines of Solapur University, State Government and UGC New Delhi. For the promotional policies of non-teaching staff Maharashtra civil service rules and regulations are followed, whereas for the teaching staff the UGC rules are followed.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The institution follows the performance based appraisal system (PBAS) developed by UGC and the University for the promotion of teachers. The college has a separate API-CAS committee to verify the PBAS forms. After verification by the committee, the

Principal recommends the proposals of eligible teachers to the University for Promotion. A separate committee is formed to analyse feedback of teaching faculty. The committee distributes feedback forms among students of various classes and in the absence of teachers, feedback is taken from students. The committee members give instructions to the students about how to fill the forms. Then enough time is given to students to fill-in the given forms. The filled in forms are collected and analyzed and put before the IQAC. If there are some suggestions for teachers then he/she is called by committee and instructions are given orally to the teachers concerned for improving their performance. The non-teaching staff submit their filled in forms to the registrar, who puts remarks on the forms. These forms are sent to the Principal for further verification and action.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The institution takes reviews of teaching-learning process by using different strategies and methodologies. The academic

calendar is prepared well in advance before the commencement of the new academic year. Different committees, and associations are formed to implement and follow the academic calendar. Teaching plans and Time Table is also prepared and strictly followed to complete the teaching learning process. All the heads and faculty coordinators take periodical reviews of the syllabus allocated to the individual teachers. The use of ICT techniques has been used by the teacher to make teaching learning process effective. The language association, social science associations, and science association carry out the planned cocurricular activities. The activities such as home-assessment and seminars have developed students' confidence, lessened examination stress and enhanced their writing, understanding and reflective abilities. These activities have also helped them to face University examinations confidently, that has resulted into scoring more marks in them. Feedbacks from stakeholders are collected and analysed for the improvement. Semester-wise results are analysed and are put in the IQAC meetings for the review. The feedback reports and results are discussed in the IQAC meetings. Our university examination results clearly indicate that the learning outcomes are achieved.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best practices:1

"Involvement of Alumni in training students for Youth Festival"

Objective of the Practice: To utilise the potential of Alumni in strengthening the cultural abilities of students and making them well prepared for the university Youth Festival.

Need Addressed and the Context: Punyashlok Ahilyadevi Holkar Solapur University, Solapur organises a Youth Festival (Cultural Programme) every year to develop cultural abilities among students.

The Practice: We have been utilising the potential of our Alumni to train students for youth festival. **Evidence of Success:** During 2022-23, we have won the general championship of University Youth Festival.

Resources: A hall for practice, musical instruments, proper coordination between the alumni, cultural committee and students.

Best practices: 2

Objective of the Practice: To inculcate research culture among students for the betterment of the nation.

Need Addressed and the Context: It is very essential to create research ambiance among the students.

The Practice: We motivate and inspire our students to participate in science exhibitions and research festivals.

Evidence of Success: We succeeded in inculcating research culture among undergraduate students. **Resources:** Guidance of the senior faculty, laboratories for practical purposes, and willingness of students.
